### ***Executive Director***

Agreement for reduced water rates - Executive Director Pitalo gave each entity representative present a copy of the amended Exhibit A, which was approved at the November 2013 Monthly Board meeting, for the water rates and asked that they take the information to their respective board for a decision.

*Discussion: Director Fillingame explained that he will do whatever he can to get the City of BSL councilman to agree to purchasing water from the Authority, but he feels it will be a very hard sell at this point in time. He recommends if the Authority can continue until fiscal year end, the hopefully, have something permanent in place for the new fiscal year.*

*Director Graham inquired as to how much the monthly water service deficit is each month? Executive Director Pitalo explained that it is approximately \$14,000 per month, and that the deficit is paid from the O & M wastewater monies, which in turn depletes the cash on hand for wastewater.*

Water tower usage for antennas – Executive Director Pitalo informed the Board of a request by DSLbyAir, LLC, to use the McLaurin Street tank to put an antenna to provide service to McLeod Park.

Motion was made by Director Fillingame to authorize the use of tower space by DSLbyAir, Director Stahler seconded the motion; it was voted on and carried by unanimous vote.

Update on chlorine project – Executive Director Pitalo informed the Board that the plans for the chlorine project have been sent in to MDEQ for review. Mr. Jason Chiniche has been following up with the progress of the review, and has been informed that MDEQ has hired a contractor to review all the plans, which has resulted in a delay. Also, there is concern that the price will come in higher than originally anticipated. The thought is that the cost may be approximately \$250,000 to \$300,000.

Discussion on influent repair at the Northern Plant – Executive Director Pitalo explained to the Board of the repair that is needed at the influent area of the NRWTP, and the cost of the repair is approximately \$18,000 to repair the worst of the damage. Executive Director Pitalo is trying to obtain a second quote and will update the Board at the next meeting.

Final decision on arena pump station – Executive Director Pitalo informed the Board that the previous improvements made to the lines into and the arena lift station seems to have corrected the problem and at this time we have determined that there is no need for another lift station, BMA, Inc. agrees.

Update on BLS water connection – Executive Director Pitalo informed the Board that the piping connection at the master meter station on Washington Street has been completed. The contractor will be completing the electrical connections within the next week.

*Discussion: Director Yarborough expressed concern about the current condition of the area, and requests that the area get much needed dress work once the area has had an opportunity to dry up. Executive Director Pitalo explained that the contractor is currently working at the Lowes' site and will dress up both areas as weather permits.*
